**Subject:** Emissions Reduction and Resilience Plan - online submission form

**Categories:**

Name/Organisation: Anthony Verdouw

Address:

Email:

How can we reduce emissions & build resilience: Support EV transition through roll out of charging infrastructure and incentives to purchase EVs. Fund more active transport infrastructure to create a connected active transport network.

What future opportunities will have most impact: A connected off road active transport network. EV charging infrastructure.

Priorities or opportunities missing from draft Plan: A plan is pointless without funding commitments.

Any other ways we can collaborate: Collaborate with Local Governments re. provision of improved transport infrastructure.

Permission: I give permission for my/my organisation's submission to be published.
